FINE STAMP AUCTIONS

H.R. Harmer · Global Philatelic Network · USA 2680 Walnut Ave, Suite AB · Tustin · CA 92780-7052

Introduction

Following our successful Sales 3013 and 3014 in the spring, H.R. Harmer hit the road for the American Philatelic Society's StampShow 2017 in Richmond, Virginia. Although our firm has not historically held auctions in conjunction with stamp shows, we felt that Richmond was simply the perfect venue to sell material from the Erivan Haub and Joseph Hackmey Collections. We offered the first part of Mr. Haub's collection at World Stamp Show NY-2016, and subsequent sales of his European material have since been held through our sister companies in Europe.

From scarce Confederate handstamps to world-class strikes of Waterbury fancy cancels, the material in Haub's collection represents a once-in-a-generation opportunity for students of classic postal history. The selections we offered from the Joseph Hackmey Collection of British North America and United States Postal History were no less spectacular, featuring some of the true rarities of early Canada.

Both sales proved extremely successful, with active participation both on the show floor and on the internet. Even our loftiest ambitions showed themselves to be much too low. Through the course of less than 300 lots we hammered over \$500,000—proof that the market for exceptional philatelic material is still alive and well. It is our hope that our current sales will be met with the same success that has marked the past several years for our firm.

As we started in our spring sales, we will again be using a start price for each lot rather than an estimate. Whereas an estimate is oftentimes ambiguous and open-ended, with lots opening at and selling for a fraction of the estimate, a start price allows bidders to know exactly where the bidding for an item will start. For longtime bidders who are used to submitting a bid lower than the low estimate, we must make it explicitly clear that we will not consider bids below the listed start price.

From Caspary to Liechtenstein, great collectors put their trust in H.R. Harmer for the last 78 years. If you're interested in consigning or buying with us, please contact us today and we will provide you with the same high-quality service that our company was founded upon all those decades ago.

Condition of Collections And Large Lots

OBVIOUS REPRINTS

Forgeries, fake cancels, and badly defective stamps are normally not included in catalog totals unless noted. However, as with any large group of stamps, some stamps may prove to be bogus, misidentified, or defective. Descriptions of quality are meant to apply to the overall condition of the lot. Lots described as being "mixed" quality or condition should be expected to contain some faulty material.

OWNER'S CATALOG VALUE

In some cases an "owner's catalog value" is given. Such a figure is just that. An owner's value may be useful as a guide but H.R. Harmer does not guarantee the accuracy of such a figure. GUM. Stamps described as "mint" can be expected to have original gum (OG), but should be expected to be hinged unless specifically noted as never hinged (NH).

EXPERTIZING MARKS

We sometimes mention an expert's signature or guarantee mark on a stamp. However, while we believe that the vast majority of stamps so described are genuine, H.R. Harmer implies no warranty to that effect.

VALUATIONS

A Start Price is given for each lot. We do not accept any bids below the start price. All collection lots or lots containing in excess of 10 stamps offered in this auction are sold "as is" and are not returnable for any reason whatsoever. Please be certain to read the full Terms & Conditions of Sale at the rear of the catalog. All bidders will be bound by those Terms & Conditions of Sale.

1106 ** 151a, 1964, 6d H.M.S. "Glasgow" Vignette Error, PO fresh and well centered, NH, choice Very Fine; about 25 examples have been recorded (Scott \$32,500; SG 216a, £40,000)

On December 8, 1964, the Falkland Islands issued a set of four stamps to commemorate the 50th anniversary of the World War I Battle of the Falkland Islands. A decisive naval victory for the British, the battle resulted in the deaths of over 1,800 Germans, including Admiral Maximilian von Spee. Perhaps the most major impact of the battle was the end of the German East Asia Squadron, which was Germany's only permanent overseas naval formation. All four stamps featured a colored frame with Queen Elizabeth II and the inscription "50th ANNIVERSARY OF THE BATTLE OF THE FALKLAND ISLANDS." The 21/2d stamp has a vermilion frame and depicts the H.M.S. Glasgow. Actually the sixth ship to bear that name, the Glasgow that participated in the Battle of the Falkland Islands was a cruiser built for the Royal Navy in 1909. The 6d stamp, with a blue frame, shows the H.M.S. Kent, an armored cruiser launched in 1901. The 1sh stamp has a carmine frame and shows the battlecruiser H.M.S. Invincible, which was sunk less than two years later at the Battle of Jutland, while the 2sh stamp is dark blue and features the Falkland Islands Battle Memorial. In 1968, nearly four years after the stamps were issued, a man named Fred Graham of Illinois bought the full set of four stamps for his son for \$1.25. Upon close inspection, he noticed that the 6d stamp featured a vignette of the H.M.S. Glasgow rather than the H.M.S. Kent. While it seems shocking that such a major error could go undetected for so long, the similarity in the designs of the 21/2d and 6d stamps makes it somewhat understandable. Like many bicolored stamps, the black centers were printed first, followed by the colored frames. It is speculated that a sheet of the H.M.S. Glasgow vignette must have fallen to the floor and was then replaced in the wrong pile of sheets. As the designs of the two ships were similar, the printers did not notice their error and the stamps were printed and perforated as normal. This issue was produced in sheets of 60 stamps, but current estimates place the number of known examples between 17 and 25.

1493	exhibit pages starting with the forerunner period and continuing with the "PORT GDANSK" overprinted issues on cover or card, also note some mixed franking and the use of unoverprinted Polish stamps, highlights include 1923 forerunner parcel card to Nowy Sacz, 1922 parcel labels from American relief packages into Danzig, 1925 Overprints (Scott 1K1-11" set on registered cover, 1926 registered cover from the Romanian Consulate in Danzig to its Legation in Warsaw, 1928/35 first flight covers mixed frankings with Polish airmails, etc., a Fine group for the specialist (see online scans) The creation of the Free City of Danzig after WW I reflected the conflict of the need to provide newly-independent Poland with access to the port and the fact that the population was overwhelmingly ethnic German. A compromise was reached such that the city was not a part of either country but the Poles would have special rights for communication and transportation purposes. On this basis, a Polish Post and Telegraphic Management Office opened in January 1920, primarily to handle incoming relief packages from the United States. The official post office was established in 1925. Primarily using Polish stamps overprinted "PORT GDANSK", the service commenced operation 5 Jan 1925 and ended upon German invasion 1 Sep 1939. BIDDING

BIDS BELOW THE LISTING START PRICE WILL NOT TITLE; DEFAULT BE ACCEPTED

- Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. H.R. Harmer, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Harmers reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith.
- The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who is the successful bidder and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 18% on the hammer price is payable by the buyer.
- (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.
 - (b) All lots are offered subject to a reserve price. The auctioneer may implement such reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.
 - (c) It may also be assumed that all consignors have been advanced monies against the sale of their stamps and Harmers therefore has a security interest over and above the normal auction commission.
 - (d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax
 - (e) Agents are responsible for all purchases made on behalf of their clients, unless other arrangements have been confirmed in writing prior to the auction.
 - (f) HR Harmer further reserves the right to ban any bidder from participation in its' sales for any reason deemed appropriate in its' sole
 - (g) HR Harmer retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is Hammered down to the highest bidder, for any reason whatsoever. In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot for sale to the highest bidder.

PAYMENT FOR PURCHASES

- (a) Subject to any extension of credit (which shall be made in accordance with Harmers' credit policies and requested prior to the commencement of the auction), payment for lots shall be as follows:

 - (ii) Mail Bidders. A successful mail bidder will be notified of lots purchased. Payment is due within ten (10) business days of auction. Mailed delivery will be to the address on the bid sheet and proof by Harmers of receipt of a sending at the advised address shall constitute delivery. All charges for handling and delivery shall be added to your invoice. All shipments sent by Harmers are fully insured against loss in transit unless otherwise requested.
 - (iii) Where an opinion of a generally recognized authority is desired, payment is still due within ten (10) business days of auction. We will hold the funds while we send the items to the recognized authorities.
 - Payment is accepted in the form of
 - (i) Check in U.S. dollars drawn on a U.S. bank. If payment is made by check, Harmer's reserves the right to hold shipment/delivery for up to ten (10) business days while it clears.
 - (ii) By wire transfer. Harmers will credit your account with the actual USDs credited to our account net of any fees.
 - (iii) By credit card (MasterCard, Discover or Visa). Payment by credit card is accepted as payment but will be subject to a 3% Convenience fee. This fee will be added to the total of the invoice including hammer price, buyer's premium, shipping and other applicable taxes and fees.

- (a) Subject to the fulfillment of all of the conditions set forth herein, on the fall of the auctioneer's hammer, title to the offered lot will pass to the highest bidder acknowledged by the auctioneer, and such bidder thereupon (a) assumes full risk and responsibility therefore, and (b) will pay the purchase price as set forth in Conditions of Sale 4.
 - (b) In addition to other remedies available to us by law, we reserve the right to impose from the date of sale a late charge of 2% per month if payment is not made in accordance with the conditions set forth herein. Unless otherwise agreed by Harmers, all property must be removed from our premises by the purchaser at his expense not later than 10 business days following its sale.
 - (c) If any applicable conditions herein are not complied with by the purchaser, the purchaser will be in default and in addition to any and all other remedies available to us and the Consignor by law, including, without limitation, the right to hold the purchaser liable for the total purchase price, including all fees, charges and expenses more fully set forth herein, we, at our option, may (x) cancel the sale of that, or any other lot or lots sold to the defaulting purchaser at the same or any other auction, retaining as liquidated damages all payments made by the purchaser, or (y) resell the purchased property, whether at public auction or by private sale, or (z) effect any combination thereof. In any case, the purchaser will be liable for any deficiency, any and all costs, handling charges, late charges, expenses of both sales, our commissions on both sales at our regular rates, legal fees and expenses, collection fees and incidental damages. We may, in our sole discretion, apply any proceeds of sale then due or thereafter becoming due to the purchaser from us or any affiliated company, or any payment made by the purchaser to us or any affiliated company, whether or not intended to reduce the purchaser's obligations with respect to the unpaid lot or lots, to the deficiency and any other amounts due to us or any affiliated companies. In addition, a defaulting purchaser will be deemed to have granted and assigned to us and our affiliated companies, a continuing security interest of first priority in any property or money of or owing to such purchaser in our possession or in the possession of any of our affiliated companies, and we may retain and apply such property or money as collateral security for the obligations due to us or to any affiliated company of ours. We shall have all of the rights accorded a secured party under the California Uniform Commercial Code (UCC).
 - (d) Payment will not be deemed to have been made in full until we have collected good funds. Any claims relating to any purchase, including any claims under the Conditions of Sale, must be presented directly to Harmers. In the event the purchaser fails to pay any or all of the total purchase price for any lot and Harmers nonetheless elects to pay the Consignor any portion of the sale proceeds, the purchaser acknowledges that Harmers shall have all of the rights of the Consignor to pursue the purchaser for any amounts paid to the Consignor, whether at law, in equity, or under these Conditions of Sale.

EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

- (a) On Premises Inspection and Postal Viewing. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Harmers discretion, for inspection by postal viewing (all as detailed elsewhere in this Catalogue).
 - (b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue, including but not restricted to the section entitled "Key to Cataloguing".
 - (c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Harmers within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Harmers within four weeks of the date of the auction; however, Harmers may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Harmers will be extended in accordance with Condition of Sale 8. In the event that a dispute cannot be resolved by reference to a generally recognized authority, and Harmers thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the

deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned intact in the condition received by the purchaser. The following lots are not returnable except at the discretion of Harmers: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue; (iv) lots described as having repairs, defects or faults—for any reason; (v) U.S. stamps (through 1918) for reasons of paper inclusions, (vi)no encapsulated stamps unless originally offered in this condition. (vii) Multiple stamp/item lots including sets of 15 or more stamps, collections, large lots and group lots, whether certified or not, as sold "As Is" and are not returnable for any reason.

(d) Authenticity. Any lot which is declared otherwise than genuine by a generally recognized authority is returnable, provided such lot is received by Harmers within four weeks of the date of the auction. Proof that a generally recognized authority declines to express an opinion is normally grounds for the return of a lot.

(e) Expenses incurred in the submission and the return of a lot under Conditions of Sale 7-9 are not refunded.

EXTENSION OF TIME

- All lots to be sent out on extension must be paid in advance and submitted by H.R. Harmer.

 - (ii) to the extent set forth in Condition of Sale 9, payment of the expense of certification will be made to the purchaser.
 - (iii) in the event any item "not as described," the buyer will be refunded the purchase price and certification fee up to \$500 unless otherwise agreed.
 - (b) Any lot with a P.F. or PSE certificate issued in the last six years is not eligible for extension.
